ADVANCED BEHAVIORAL HEALTH, INC.

Advanced Behavioral Health (ABH®) is a leader in the Northeast behavioral health industry. We manage mental health and substance abuse services, provide customized technology to operate programs efficiently, participate in and disseminate research representing "best practices" in the field, and consult with both contractors and health care providers.

As a nonprofit organization, we are driven by our mission, not our bottom line. The result? A rock-solid record of delivering what we promise: the highest quality of care and service, cutting edge technology, and excellence in program execution and operation.

WORKING FOR INTEGRATION, SUPPORT AND EMPOWERMENT (WISE)

The cost of private nursing home care in Connecticut is among the highest in the nation, at over \$130,000 annually. The WISE waiver program, authorized in §1915(c) of the Social Security Act, permits the State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutional care.

Since 2009, ABH has been the fiscal intermediary for the WISE program. WISE is a mental health waiver program operated by the Department of Mental Health and Addictions Services (DMHAS) and the Department of Social Services (DSS) for Medicaid individuals with serious mental illness who either live in a nursing home or are at risk of institutional placement.

WISE permits Connecticut to provide a comprehensive array of home and community-based services that enable individuals to live safely in the community. Individualized recovery plans developed with each person include rehabilitative or support services, the Community Support Program, Peer Support, Transitional Case Management, Supported Employment, Recovery Assistant, Non-Medical Transportation and specialized medical equipment.
