

Inclement Weather Policy

In the event that inclement weather is imminent it is in your best interest to stay tuned to your local news stations and prepare for the incoming delays/closures alerts.

1. As delay and closure announcements are reported ABH will attempt to update Route Genie as quickly as possible
2. ABH takes the most severe weather alert that affects the student(s) and enforces that delay/closure
 - a. I.E. John Doe lives in Waterbury and goes to school in Bridgeport. If we get alerts that Bridgeport schools are on a 2 hour delay and Waterbury schools are closed, we will cancel that transportation for John Doe
 - b. This ensures the safety of the Driver and the student
3. This highlights the point that it is very important for Providers to sign up to get the Weather alerts from your local news source or constantly be tuned in when the alerts start to come in
